

Advice 24-2019 of the Scientific Committee established at the FASFC on a draft royal decree on the control of the quality of raw milk and the recognition of interprofessional organisms

Background & Terms of reference

The Scientific Committee is asked to review a draft royal decree replacing the actual royal decree and the ministerial decrees regarding the control of the quality of raw milk.

Method

The advice is based on expert opinion.

Advice

The Scientific Committee formulates a comment on the definition of “small buyer”. In addition, a number of textual changes are proposed to improve the draft royal decree.

Conclusion

The changes included in this draft royal decree compared to the existing legislation are limited. The Scientific Committee makes a number of textual comments to improve the draft royal decree. Within the limits of its competence, the Scientific Committee supports the draft royal decree.
